

Department of Botany

Project/Activities by the Students in relation to Course Curriculum

2016-2017

Name of the student with Roll. No.	Project title
Ankuran Mahanta/26420005	Study on laboratory techniques for wine making in Grapes
Apurba Sonowal/26420006	Isolation and enumeration of fungi from air
Bastab Saikia/26420007	Project report on Poaceae
Bisal Malakar/26420011	Study on ethno-medicinal plant of child diseases of Titabar
Biswajit Tamuli/26420012	Algae flora of Assam
Bitupan Das/26420014	Study on ethno-medicinal plant of pediatrics importance
Bitupan Kachari/26420015	Study on ethno-medicinal plant of pediatrics importance
Chinmoy Jyoti Bora/26420019	Medicinal plants of Titabar area
Dipankar Gogoi/26420025	Project report on Asteraceae
Junali Gogoi/26420027	Survey and identify of wild edible fruits found in Titabar, Rangajan, Jorhat district
Gubinda Gogoi/26420028	Study of laboratory technique of wine making from Apples
Jayanta Changmai/26420034	Study of laboratory technique of wine making from apples
Kaustab Buragohain/26420038	Study of laboratory technique of wine making from tomatoes
Mriganka Kachari/26420043	Study of laboratory technique of wine making from apples
Mriganka Shekhar Borah/26420044	Extraction, isolation, quantitative and qualitative analysis of DNA from rice seedlings
Pranjal Saikia/26420047	Algae flora of Assam
Prankrishna Gogoi/26420048	Study of laboratory technique of wine making from apples
Ruhit Das/26420050	The common timber yielding plants in Titabar area
Jyotika Borah/26420061	Soil microflora

2017-2018

Name of the student with Roll. No.	Project title
Hirok Jyoti Gogoi/27120016	Isolation and quantification of DNA from Coconut
Nirupon Kachari/27120024	Survey and study on some commonly found plants used in making home rice beer by the community thengal kachari
Subhrajyoti Tanti/27120070	Screening of phylloplane microfungi of some selected plant species
Rpunjoy Buragohain/27120034	Study of saponin and its biological activities
Pallab Hazarika/16925027	Survey and study on important timber in Titabar area of Jorhat district
Sumon Saikia/16925088	Study of rhizosphere mycoflora of <i>Azadirachta indica</i> (Neem plant)
Jayanta Borah/16925019	Study of micronutrients and macronutrients in the soil of hills area
