

### Laboratories cum Classrooms:

The department has 3 well equipped laboratories cum classrooms. The laboratories of the department are facilitated with the up to date equipments which includes planimeter, altimeter, GPS, magnetic compass, prismatic compass, theodolite, Dumpy's level, etc. The department has a good number of wall maps depicting different themes and diagrams which help immensely in the teaching-learning process. All of the laboratories have tracing tables for the use of the students.
